EOS TOURNAMENT

OFFICIAL PROJECT PRESENTATION

WELCOME & INTRODUCTION

Greetings from the staff! We welcome you to read the **EOS TOURNAMENT** project proposal. This initiative led by young gaming enthusiasts aims to deliver a fresh alternative to standard competitions, featuring guaranteed prize pools in all phases and creating real competitive opportunities for every participant.

We hope to count on everyone reading this document. We designed this presentation with a dynamic visual structure to clearly represent our envisioned competition structure.

TOURNAMENT OVERVIEW

Below we break down the entire tournament structure. Each section details the respective splits, competitive formats, official regulations, prize distribution, and additional operational guidelines.

ANNUAL SUMMARY

The annual circuit is organized into **3 SPLITS** (Winter, Spring, Summer). Each split features 3 divisions of 10 teams, with promotion and relegation driven by a unified point system. Each split includes a global event and a final tournament with a **€100+ prize pool**.

ENTRY FEES & PRIZE POOL

ENTRY FEES: Details specified on page 3.

- **€15 per team** for the APEX qualification.

PRIZE POOL: Full breakdown provided on page 3.

POINT SYSTEM

Team registration evaluates current competitive ranks. In case of an Act reset, previous Act rank evaluations apply.

SEEDING SYSTEM

Each regular season placement awards seeding points. Global events yield additional seeding points towards the APEX qualification.

ANNUAL CIRCUIT STRUCTURE

Detailed Breakdown of Splits and Global Tournaments

CIRCUIT ROADMAP: BOREAS, PERSEPHONE & THEROS

The year is split into 3 distinct competitive periods: **BOREAS (Split 1)**, **PERSEPHONE (Split 2)**, and **THEROS (Split 3)**. Each split is accompanied by its corresponding Global event:

GLOBAL 1	GLOBAL 2	GRAND GLOBAL
ELYSIUM	**ARETE**	**APEX**

DIVISION 1

Highest competitive tier with maximum qualification slots for Global events, top-tier competition, and the largest share of the prize pool.

DIVISION 2

Intermediate division with full promotion pathways to Division 1 and dedicated slots for Global competitions.

DIVISION 3

Entry division allowing new teams to earn seeding points and ascend through the promotion system.

PROMOTION, RELEGATION & APEX QUALIFICATION

- Each split consists of 3 divisions organized by rank points.
- All divisions feature promotion and relegation: top performers rise to higher divisions while bottom teams are demoted.
- Every performance counts: each split and global tournament awards **Seeding Points** used to allocate remaining spots for the Grand Global (APEX).
- **APEX Grand Global** features more than double the prize pool of standard Global events.
